ACADIA NAPOLEON 132nd — Many choose this big, thick, beefy stock bull prospect as their favorite of the three sons of the 66th that sell. The imported Rosewood Rachel family, with its invaluable Pittodrie Banker cross, has accounted for countless champions, and both the sons and daughters have bred well. The 132nd's dam was junior champion of the 1960 Royal Winter Fair and American Royal while carrying Acadia Napoleon 60th, the great young sire that Acadia owns with Tudor Bros., Columbus Grove, Ohio. Acadia will retain show rights with the buyer's permission.

ACADIA NAPOLEON 128th — Big, thick and beefy are the words for the sons of Acadia Napoleon 66th, popular champion and All-American that Acadia owns with John Shuman. Depth, thickness, sound feet and legs, tremendous rear quarters, you name it, the 128th has it, with extra stress on size. Buyer willing, Acadia would like to show the 128th this year.

Need a Big, Thick, Beefy Bull

"Deep Cove Napoleon 34th has done well as a show bull and breeding bull on the range. He has attracted many visitors, all expressing favorable comments on his size, bone, ruggedness, type and conformation. Great coat and fleshing qualities, as active as a Clydesdale stallion on parade. He fills the eye from standpoint of breed character and balance . . ." **"Ab" Colbert, Searle Farms, Manitoba.**

"Acadia Napoleon 75th x really looks great! Don't know where I could find a better bull. We have 24 of his calves on the ground that prove he is one of the top sires in use today . . ." **Ellis Shafer, Indiana.**

"Well pleased with the way Acadia Napoleon 66th is growing. He will have plenty of size, our only concern buying him so young. He's always had lots of muscling. Getting his second calf crop. They're dandies . . . lot's of vigor, get right up and nurse. Our entire 1964 crop was the heaviest we've ever raised even though it was a drouth year. They weighed 465 pounds adjusted to 205 days in the official Colorado Beef Improvement Ass'n Test." . . . **John Shuman, Colomeadow Farms, Colorado.**

"Have many calves by Acadia Napoleon 77th and they're looking great. We needed better heads and he's doing it. He's growing nicely and will make a big bull. Everyone around us wants to breed cows to the 77th, which, of course, is out, but it should bring them to us for his bulls." . . . **Larry Hart, Texas.**

"After 900 miles in a pickup from Brandon we didn't even take 'Napoleon 21st' to the barn . . . let him off on a hill where he started running with the cows and settled 37 of 45 cows on the first service. He's done real well, looks as bloomy as the day we bought him. His first three calves are dandies. We'll have 40 more this spring. We expect a real set of calves to show this fall." . . . **Bill Sherrod, Steamboat Springs, Colo.**

"Acadia Napoleon 69th has developed into a large, active bull. He has excellent feet and roams hundred-acre fields without any hoof trimming or lameness. That has been a real problem with some of our other bulls" . . . **The Keith Shepherds, Kentucky.**

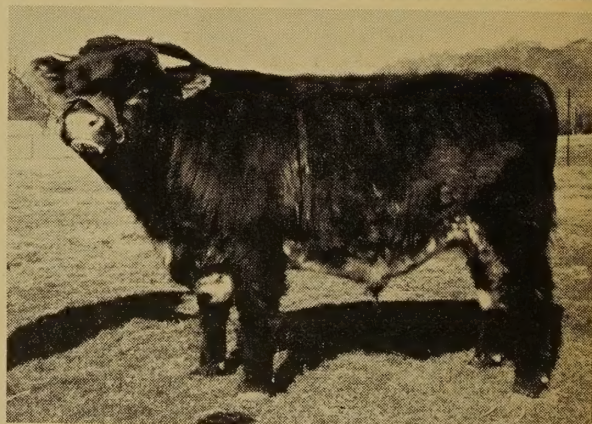

"The first calves by Acadia Bonn Consort x are outstanding" . . . **Bill Wartens, Indiana.**

"Visitors of all breeds marvel at Acadia Napoleon 104th's superior quality. They say he's a real beef bull. One breeder told me that the 66th, his sire, is the best breeding bull in the West and perhaps the entire U. S." . . . **Roger Megard, South Dakota.**

with Different Bloodlines?

What do I need most? The prime requisite of any stock bull must be **thickness** of loins and quarters. It's a simple matter of economics. That's where the beef is. If your present bull doesn't have it there, you're in trouble for the future, because more and more Shorthorn breeders are looking to "beef-up."

Thickness of loins and quarters is among the strong points of the bloodlines in this sale. Kill two birds with one stone — beef-up those back ends and offer a fresh bloodline in your region.

A number of outstanding cattlemen from across America have found the solution at Acadia. On the opposite page, read their comments about the bulls they bought.

Remember that Acadia is a charter member of the Ohio Beef Cattle Production Testing Program. Detailed data on all of the bulls selling will be available on sale day.

RED ROSE M 2nd x — One of the four handsome daughters of Acadia Troubadour 75th x (see Lot 41) selling as Lots 23, 26, 29 and 41. A knowledgeable breeder would be well advised to buy all four as the nucleus of a strong Polled Shorthorn unit. This one is in calf to the top bull of the breed in 1964, Bilmar Gallant Diadem.

Left: Bilmar Gallant Diadem, top bull of 1964 when Acadia paid \$10,100 for a two-thirds interest. Right: The incomparable Kinellar Napoleon, \$25,500 Perth reserve senior champion. The blood of these two great sires combines at Acadia to set the pattern for Shorthorns and Polled Shorthorns of the future.

To Breed the Best

EVERY GREAT sire must sometime in his life produce sons and grandsons that breed as well and better than he did himself. The Napoleons selected for herd use at Acadia and Deep Cove prove this point. Today they are perpetuating this prepotent line. Always on the lookout for the right stock bull to follow the Napoleons, Acadia purchased a two-thirds interest in the great young prospect Bilmar Gallant Diadem. A lot of other good cattlemen liked him equally well, so it took the year's top price of \$10,100 to own him. A half brother also appeared to be a bull of exceptional promise, so Acadia bought the junior calf, Bilmar Marshal Diadem at \$5,000.

Both bulls were right individually. That was the first requirement. They are maturing into great thick stock bulls. Marshal is already in service at Deep Cove. Gallant you'll see at Acadia. The heritage of these two bulls is as impressive as they themselves. Their sire, Calrossie Diadem, has already amassed a tremendous record. His grandsire and Kinellar Napoleon were half brothers, both bulls being by Gallant Marshal that was out of an A. J. Marshall daughter of Cruggleton Perfect.

The dam of Calrossie Diadem is Calrossie Ramona Ramsden by Calrossie Highland Piper, \$26,000 Perth top-selling son of Calrossie Welcome. The Diadems nicked exceptionally well with Welcome blood at Glamis to produce bulls that were either Perth champions or Perth top-sellers four successive years. The effectiveness of the Gallant Marshall-Welcome cross is similarly illustrated by the successful use of the Napoleons with Troubadours. Calrossie Troubadour was a Kirkton Baronet-Calrossie Welcome blend.

The Acadia bulls and females selling blend these great lines in superior cattle sure to work lasting improvement for the breed.

DEEP COVE ROTHES QUEEN 6th — Deep Cove and Acadia are blessed with an abundance of the famed Rotheres Queens, so three are offered as a special attraction. This one is probably the last daughter to sell of the late great Hayard Monarch, 1949 Canadian Royal Winter Fair reserve grand champion. Bred to Deep Cove Napoleon 3rd, 1959 Royal Winter Fair junior champion, that sired the reserve grand champion and best pair of bulls at the 1964 Canadian International. (see p. 2)

These three former and potential champions are offered strictly as sale attractions and will add lustre to any of the world's great herds. From left: Acadia Queen of Beauty 9th, Lot 30, 1964 Ohio State Fair grand champion; Simplicity of Acadia 2nd x, Lot 33, and Acadia Primula 16th, Lot 37. All are by Acadia Napoleon 66th.

Health — Both the Acadia and Deep Cove herds are Federally Accredited for Tuberculosis and Certified for Bang's. Calfhood vaccination has been practiced for years and every effort is made to safeguard the health of the animals. Each animal in this sale has complied with the health regulations of the Ohio State Veterinary Department. Ohio and health certificates on sale day will be issued by an authorized representative of the Ohio State Veterinary Department.

SIMPLICITY OF ACADIA 2nd x — Polled perfection best describes this show heifer, first polled daughter of the 66th. Her polled dam, by the 1958 International grand champion polled bull, comes from the Simplicity family that has made history for the Clodfelters of Indiana. She'll star in the Acadia show herd again this year with the buyer's agreement. Bred to Acadia Bonn Consort x, great All-American. 4/22/65

LONGWOOD PRINCESS N — A big, thick and beefy dark roan daughter of Acadia Napoleon 20th that sired the 1964 International reserve grand champion Polled bull and the 1963 International reserve junior champion Polled bull. This lovely representative of the Glastullich Princess family is in calf to Bilmar Gallant Diadem, top bull of the breed in 1964.

From left: Bull Weevil Princess R, Lot 54; Bull Weevil Sue Wimple 3rd, Lot 55; Bull Weevil Golden Chain 4th, Lot 49; Bull Weevil Secret 4th, Lot 52, and Bull Weevil Golden Chain 5th, Lot 50. Most of these are in calf to Calrossie Diadem (in inset), acclaimed throughout the world as the greatest stock bull in service today. Here is an opportunity to buy a stock bull the bonus way — in dam.

RARELY does a truly great sire like Calrossie Diadem come upon the scene.

Used in Scotland for three seasons he sired the 1961 Perth supreme champion, the 1962 Perth supreme champion, the 1963 Perth top-seller, the 1964 Perth top-seller. In three of these years he also sired the winning or reserve groups of three and five bulls.

He was then purchased by Bilmar Farms. Bilmar offered its first Diadems last fall. Seven sons, all junior and senior calves, averaged \$3,800. This included the top-selling Shorthorn bull of 1964 in North America. The only daughter sold topped the females at \$3,000.

Last summer Boll Weevil Plantation purchased a one-third interest in Calrossie Diadem. Immediately they set aside some of their best females for the 1965 "Choice of Champions" Sale and bred them to him.

Seven of the Boll Weevil heifers in this sell are bred to Calrossie Diadem. They carry long service dates (mostly September and October) and all checked safe in calf. These beautiful heifers are by Bapton Craftsman and Kinellar Napoleon.

There will be no better opportunity to "luck" a stock bull in dam this year!

From the Sale Manager

AFTER NEARLY 20 years working with Shorthorn breeders across North America, managing more than 300 auctions, attending twice that number, I believe I could count on my fingers the number of times I have encountered a sale offering as powerful as the 1965 "Choice of Champions."

This didn't happen just by chance. These herds reached the top by never compromising with quality and by devoting great personal energy and resources to the task. Each of the herds has used a succession of breed-building sires. Today their stock bulls are among the breed's foremost — bulls like Calrossie Diadem, Kinellar Napoleon, Dandy of Westdrums x, Rodney's Leader 29 x, and Timberlee's Consort x.

These are people concerned with fundamentals. Their herds are sources for beef seed stock that can satisfy the eye of the most critical breeder, that can perform on the range, that can win in the strongest steer competition. Study the list of buyers at this sale in the last two years. They have been among our most knowledgeable breeders who knew what they were looking for and found it here. Study too, what these cattle did for their new owners at the subsequent Internationals. This sale has earned its name "Choice of Champions."

CYRUS EATON

We cordially invite all admirers of good beef cattle to be with us on May 29, which marks the 10th major auction of Shorthorns and Polled Shorthorns from Acadia and Deep Cove. Twenty years ago we started with a steer feeding operation, then turned to a commercial cow and calf project, and quickly progressed to purebred cattle. Our intensive first-hand experience with all the vital phases of beef cattle production has led us to constant emphasis on the essentials.

On May 29 it will be our pleasure to join with four herds that share our goal of producing big, thick, beefy seed stock for the improvement of the breed. Our great friends from Boll Weevil, Penn State, Timberlee Valley and Windholme are pledged with us to share their finest Shorthorns and Polled Shorthorns with you.

Plan to arrive at Acadia Farms early on May 28 for a leisurely inspection of the cattle. Then join us for dinner at the home farm that evening. We all look forward to welcoming you.

Cyrus Eaton
